EXPERIENCE

Future Days Software LLC   Remote
Software Engineer   Feb 2020 - Aug 2020

- Perform unit testing with a high degree of accuracy in React based applications with jest and cypress testing frameworks
- Developed user interface using React JS, Material UI and TypeScript
- Maintain codebase standards using eslint and ensuring a meticulous code review procedure
- Integrate API calls connected to an AWS Amplify backend
- Work with React Native to maintain consistency between iOS and android devices
- Develop React JS applications to be used in WordPress sites

Margaritaville Enterprises LLC   Hollywood, FL
Prep Cook   Jan 2018 - Sep 2019

- Mentored more than 5 kitchen staff at all levels to prepare each for demanding roles
- Suggested actionable improvements to streamline training procedures
- Identified inefficiencies leading to improved productivity
- Contributed to consistent customer satisfaction rating by producing high-quality food and providing timely service
- Inspected and cleaned food preparation areas to guarantee safe, sanitary food-handling practices
- Restocked inventory and ingredient items to maintain optimal kitchen efficiency
